GRANT BOSHART'S PRESENTATION REMARKS BY EARL BALL!

It's a pleasure to stand before you this evening with the opportunity to talk about a great Champion, Grant Boshart. Grant accumulated the required 200 points in only his fifth season so you know he was already an accomplished player when he decided to join the Florida Shuffleboard Association Pro circuit. He learned the game and became a fine player in the leagues playing around the Western

District; Karl Matchett recognized his great potential and picked him up to play no two pro district tournaments, giving him a chance to be noticed by other fine players. The incomparable, Mary Button, decided he was ready and took him as a partner in the "Presidents Cup", mixed doubles tournament in Clearwater; what a way to start! I remember she set him straight right off the bat and let him know there would be no nonsense, he'd play right or else. He did, they won, he became an instant Pro and he kept on winning, 24 Championships on his way to 200 points. He's won the National Singles three times as well as the "Roll of Champions" and finished up his 200 points the only way he knew how by winning a Championship in Hollywood, I was lucky enough to be on the other end. Grant has won the Canadian National Singles and Doubles as well as the Ontario Singles and Doubles and will be inducted into the Ontario Shuffleboard "Hall of Fame" this summer for his accomplishments in Canada.

Please join me in the honor of presenting a great Champion, Grant Boshart for induction into the Florida Shuffleboard Association "Hall of Fame".
