

## **THE "BLIND MAN" IS ON THE MOVE!!**

That's right, Tom Churchill is legally blind but that hasn't stopped him! He just made the necessary points to become a Pro! We are all very proud of Tom and his accomplishments; he is the reigning Central District St Am "Masters" Champion. Can you imagine yourself using field glasses to locate the disc or line of travel to hide a block and then put them down to your side and shoot AND hit what you are shooting at! Almost unbelievable but he does it and his record shows he does it well. Keep it going Tom!

In the same tournament, the Central District Pro/Am mixed doubles, Roxanne Duguay dragged her partner, Earl Ball, into the winner's circle squawking and squalling all the way for her 1<sup>st</sup> Championship of the season and assured herself of a berth in the District Amateur "Masters". Congratulations Roxanne!!
