

Helen Biaggi Speaks: To finish in the top eight is quite an achievement, to finish in the Number One position is a wonderful feeling of accomplishment.

Throughout the season placements change on a weekly basis, it's both exciting and disappointing at times.

I was thrilled to be in the top eight, but as the final tournament approached, I realized I had a chance to regain the lead from my good friend Dianna Allen.

My final match was against Ali Enos. Everything seemed to go my way, I was playing well and feeling confident after a long competitive season. I WON, giving me a two point lead.

Winning the Roll of Champions is a great honor. I feel most fortunate, as I realize this could have happened to any one of the other seven ladies.

I would like to take this opportunity to congratulate Henry Strong for finishing first in the Men's Roll of Champions. Also, my congratulations to all the Men and Women who finished in the top eight positions.
